

## **DOMAINE PATRICK HUDELOT**

LES GENEVRIERES

### **THE STORY**

The first vines of the Domaine Hudelot were planted in the early 1950s. It was expanded during the 1960s and today, has just over 20 hectares of vines in the Hautes Côtes de Nuits appellation.

In 1986, with the arrival of Creutzfeldt-Jakob disease, Patrick Hudelot first became aware of the importance of human impact on health and the environment. He decided to convert the estate to organic farming with the aim of respecting the land, the wines, the estate's staff, and the consumer.
